LEGACY

A DECADE OF IMPACT. A LIFETIME OF POSSIBILITIES.

A LETTER FROM OUR FOUNDER

Dear Friend,

Ten years ago, Diane's Heart was founded on a simple belief: every mom deserves the opportunity to discover that there is more: more purpose, hope, and possibility.

A few years before the organization began, I faced the heartbreaking task of planning my mother Diane Hill Harrison's funeral. What I discovered in the days that followed changed my life. Person after person shared stories of the kindness, guidance, and support my mother had given during their times of need. While I knew her generous spirit, I had no idea of the profound impact she had made on so many lives.

Inspired by her legacy of selfless service, Diane's Heart was born.

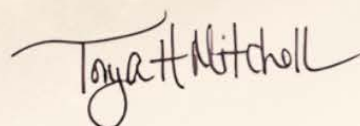

What began as a vision has grown into a movement that has empowered hundreds of single mothers to overcome challenges, pursue their goals, and step boldly into new chapters of their lives.

As we celebrate our 10th Anniversary through She Knew There Was More, we honor Diane's legacy, celebrate lives transformed, and look ahead to all that is still possible.

Your sponsorship helps us continue writing the next chapter for mothers and families in our community.

Thank you for believing in our mission.

With Heartfelt Gratitude,

Tonya Hill Mitchell
Founder & Executive Director
